**Item:**  
**Limited Approval of Gas Engine Oil**

Dear Mr. Ivanov,

the lube oil mentioned below is not listed in the current technical circular for MWM gas engine lube oils, because the field trials are not finished until now.

After successful field trials with

**G-Profi PSN 40, SAE40**

over many hours and monitoring of the oil condition, MWM allows to increase the number of engines operated with this lubricant up to 20.

MWM GmbH has to be informed about the plants which are operated with this lubricant. Furthermore the requirements of our technical circular TR 0199-99-2105 and the technical product information TPI 1111-08-01 have to be followed.

Best regards,

MWM GmbH

i. V. Karl Stellwagen
